WHY A “FOOD TUK” IS EVEN BETTER THAN A FOOD TRUCK

“Beyond the food truck – a “food tuk” will lower your startup and maintenance costs.”

“While eTuks have uses in many types of industries, one of the most fascinating applications for entrepreneurs is setting up food, beverage, or vendor businesses.”

“The eTuk was the focus of our ‘taste and believe’ marketing strategy and we couldn’t have been more thrilled with the brand exposure and media attention [it] received throughout the year.”
